March 2, 2026

Hello ~

We hope your 2026 has had an amazing start! We have had a number of issues that have caused this flyer to be delayed. The most significant of them being Leland was in a fairly serious automobile accident. Unfortunately, this accident caused not only his truck to be totaled but also significant damage to his back. We do apologize for the delay. It was definitely not on our "want list" for this year. Leland is on the mend however, and we're back at it with full force!

We are excited to have another price list for you! We focused on France this time around. You'll see an extensive listing of our France inventory, including a bunch of used items. We also included items from a newly acquired collection for Zanzibar, New Caledonia and Senegal as well as a handful of other colonies.

The pictured items are priced to sell. However, if you have an extensive amount of items you are interested in, please contact us for a possible discount. We also encourage you, if you haven't already, to use your $10 coupon mailed to you late last year.

Below are the next several shows we will be attending. We will keep you updated as we add shows later this year. We hope to see you at one or more of them!

- Northern California Stamp Fest – March 14-15 – Elk's Lodge 6446 Riverside Blvd., Sacramento
- Westpex – April 24-26 – San Francisco Airport Marriott Waterfront Hotel 1800 Old Bayshore Highway, Burlingame
- BOSTON 2026 WORLD EXPO – May 23-26 (We will only be attending the first four days) – Thomas M. Menino Convention & Exhibition Center 415 Summer St., Boston, MA 02210

As always, we appreciate you and your continued business!

Sincerely,
Leland & Tanya Wulff

France - Granet (Reprints) (*)

Reprints known as the **Granet** and **Regents**. These special printings were made: ** In 1887 for the so-called **Granet printing**, named after the Minsister of Posts who wanted a printing of all the French stamps issued. They were printing in different ways in small sheets of 25 stamps. ** In 1875 for the so-called **Regents printing**, made by the Bank of France to replace the printer Hulot who had been printing stamps since 1849. These are trial prints on card stock to validate the printing of the Sage types. These were both called reprints, but they are true printings. They were mostly printed without gum.

French Military - N.C. Military personnel benefited from a partial franking allowance of 10c (instead of 15c). The Military administration issued a 10c stamp, but the postal administration objected. Subsequently, only stamps without a value indication were tolerated, provided that the military corps' stamp was affixed to the envelope. The 12 values with the same number + the 3 tricolor flags, Cat. 1,230 €. Price $550
